

## Health Was Shattered

Mrs. Hayes Was Discouraged Until Doan's Made Her Well.

"I was in awful shape from kidney trouble," says Mrs. Frank Hayes, 42 Dover St., Boston, Mass. "When I got up out of a chair, I felt as though someone had stuck a knife into the small of my back and it fairly took my breath away."

"The kidney secretions passed often and only a little at a time. They were so scalding I would scream so I believe I could be heard a block away. They deposited brick-dust-like sediment and their odor was something awful. My complexion became sallow and I had large puffs under my eyes."

"I was troubled with spells of gasping for breath and had such dizzy attacks I often fell right over. Spots floated before my eyes and I got so nervous I couldn't stand any noise. I cried over nothing at all, became irritable and imagined all sorts of things. My health was shattered and I became discouraged."

"I continued to grow worse in spite of any treatment and came pretty near dying several times. After several months of this horror, I heard about Doan's Kidney Pills. I used a dozen boxes of Doan's and was cured. I was entirely well and, have enjoyed good health ever since."

## WASHINGTON SIDELIGHTS

### Three Flying Circuses to Aid the Victory Loan

WASHINGTON.—Three flying circuses of American, French and British aviators in American and captured German Fokker planes will tour the United States in connection with the Victory Liberty loan campaign, giving aerial sham battles and acrobatics over 50 leading American cities.

Fourteen captured German Fokker planes have been landed at Newport News and shipped to Washington. The best types of American planes developed during the war will be demonstrated. Each squadron will be carried in a special train of 11 cars, travelling at night.

Six of the best British flyers developed during the war will participate. Eight French flyers, one of whom has a record of 43 victories, have come from France to take part. Photographers of the signal corps will accompany each squadron. They will take war photographs of each of the American cities visited; the plates will be dropped from the airplanes by parachute and hurried reproductions made for the benefit of the residents of all cities visited. Parades will precede the flights.

The general program to be followed in each city visited will be as follows: Two American scout planes will rise to drop Victory loan literature over the city. Four "German" planes will then attack these two American planes in the air. Four American planes will then drive off the "German" planes, and the flyers will give demonstrations of aerial acrobatics.

These tours and demonstrations will be under the direction of the bureau of publicity of the Victory loan organization. The actual flights will be under the direction of the military aeronautics branch of the war department, with Capt. Leon Richardson in charge.

### Washington Memorial to Bishop Francis Asbury

IN THE last hours of the Sixty-fifth congress Representative Charles H. Sloan of Nebraska made an address in favor of senate joint resolution authorizing the erection on public ground in Washington, D. C., of a memorial to Francis Asbury. No appropriation is asked; the funds have been raised by subscription. Congress is asked to give a site. Who was Francis Asbury? Doubtless the average American citizen does not know. Mr. Sloan said among other things:

"He was born in the parish of Handsworth, England, August 20, 1745. Early called to active militant church service, he became, in 1771, the elder Wesley's 'proconsul' for America. He was a patriot, standing with the people whom he hoped to serve in their struggle for an independent nationality, while every one of his coworkers sent from England by Wesley went back to the mother country."

"The seashore and the great river banks had the important settlements of America. Many of them would have furnished a suitable home for a bishop, but this he did not desire nor would he have it. He believed that the outposts of American civilization should be the outposts of Methodism. He would be a commander to lead a charge rather than to order an advance made. So from 1784, when he was ordained a bishop, till 1816, when he passed to his reward, no road was too long to travel, no river too turbulent to cross, no storm too fearful to venture, no savage that he would not face, no civilized man or mob he would not confront."

"At the Saratoga general conference in May, 1916, on the commemoration of the centennial of Bishop Asbury's death, Judge Henry Wade Rogers in a masterly address, said:

"Asbury preached about 16,500 sermons; traveled about 270,000 miles, most of it on horseback, some of it on foot; presided in 224 annual conferences, and ordained more than 4,000 preachers. In addition, he was writing more than 1,000 letters a year."

### Will December 31 Be the National Wedding Day?

YOUNG men contemplating matrimony will do well to bear in mind the latest interpretation of the law. The man who was married at any time during 1918, a commissioner has ruled, is entitled to tax exemption for a wife for a full year. Thus, he whose ceremony took place at 11 p. m., December 31, 1918, wins all of his \$2,000 exemption—less, of course, the wedding expenses. On the other hand, he who married at 1 a. m., January 1, 1919 (and likely enough there were some such), might just as well have been married way back in 1917.

In Denver an enterprising reporter took a look at the 1918 marriage record and found that 13 couples were married on December 31. Denver has a population of 280,000. This is to say that December 31 there was one marriage to 20,000 people. If there were marriages December 31 all over the country in the same proportion among our 110,000,000 people, the total was 5,500. As each marriage carried with it an exemption of \$2,000, the aggregate exemption was \$11,000,000. In short, the account stands thus: Tax exemptions, \$11,000,000, without the expense of wives for a year and with only wedding expenses to be considered.

Will this bring about a radical change in the popular wedding season? Will December hereafter be the season of brides and June be thrown into the discard? Will December 31 be the one great marrying day of the whole year? Will it come to be the big national holiday of the year, bigger than Christmas, the Fourth of July and Thanksgiving day? Will it be combined with New Year's day in a double holiday?

The only trouble with this profound mathematical calculation and the deductions therefrom is that brides are in the habit of setting the wedding day. And little the bridegrooms will have to say about it, tax exemption or no tax exemption.

### United States Has \$574,000,000 for Good Roads

WITH full state co-operation, according to the terms of the federal aid road act, the United States will have a total of at least \$574,000,000 for co-operative road building during the next three years. The federal part of this fund is assured by an extra appropriation of \$200,000,000 in the post-office appropriation bill passed by congress.

Officials of the bureau of roads, United States department of agriculture, which administers the provisions of the federal aid road act and co-operates with the state governments in the expenditure of the money, point out that this amount of funds is the largest ever appropriated for similar purposes and for a similar period by any government in the history of the world. In connection with the great federal aid program it is also noted that expenditures for highway work in the United States this year are likely to amount to \$500,000,000 or more. On reports received from state highway departments the bureau of public roads estimates the 1919 expenditures for roads and bridges at \$385,000,000, or \$110,000,000 more than the average expenditures for 1916 and 1917.

An important effect of the law containing the new appropriation is that it broadens the definition of a rural post road, under which class a highway had to qualify in order to receive the benefits of the federal aid act.

The new act also raises the government limit of contribution from not to exceed \$10,000 a mile to not to exceed \$20,000 a mile, taking account of higher present costs of labor and materials.

Of the \$200,000,000 added to the funds available under the federal aid road act, the new law makes \$9,000,000 available for expenditure by the secretary of agriculture for roads and trails within or partly within the national forests.

### Some Job.

Sponsors of a projected "Theodore Roosevelt International highway," launched last month at a meeting in Duluth, Minn., announce blandly that it is their intention "to secure the blazing and signboarding of this entire highway from Portland, Me., to Portland, Ore., before the 1919 touring season begins." It will be some achievement if they do it.

## Starving in the Midst of Plenty

Acid-Stomach Steals Strength and Good Feelings From Millions

One of the worst features of acid-stomach is that very often it literally starves its victims in the midst of plenty. And the strange thing about it is that the people with acid-stomachs seldom know what their trouble really is.

No matter how good or wholesome the food may be, or how much they eat, they do not gain in strength. This is clearly explained by the fact that an acid-stomach cannot properly digest food. Instead of healthy, normal digestion, the excess acid causes the food to sour and ferment. Then when this mass of sour, fermented food, charged with excess acid, passes into the intestines, it becomes the breeding place for all kinds of germs and toxic poisons, which in turn are absorbed into the blood and in this way distributed throughout the entire body. And that is exactly why it is that so many thousands of people eat and eat and keep on eating and yet are literally starving in the midst of plenty. Their acid-stomachs make it absolutely impossible for them to get the full measure of nourishment out of their food. And it doesn't take long for this poor nourishment to show its ill effects in a weakened, emaciated body.

You may say: "My stomach doesn't hurt me." That may be true because many victims of acid-stomach do not actually suffer stomach pains. Then again, there are millions who do suffer all kinds of aches and pains—head-aches, rheumatic twinges, gout, lumbago, pains around the heart and in the chest—who never dream that an

acid-stomach is the real cause of the trouble.

Naturally, the sensible thing to do is to strike right at the very cause of this trouble and clean the excess acid out of the stomach. There is a quick, easy way to do this. A wonderful new remedy quickly removes the excess acid without the slightest discomfort. It is **EATONIC**. Made in the form of tablets—they are good to eat—just like a bit of candy. They literally absorb the injurious excess acid and carry it away through the intestines. They also drive the bloated out of the body—in fact you can fairly feel it work. Make a test of **EATONIC** in your own case today. Get a big box of **EATONIC** from your druggist. See for yourself how surely it brings quick relief in those painful attacks of indigestion, bitter heartburn, belching, disgusting food repeating, that awful bloated, lumpy feeling after eating and other stomach miseries. Banish all your stomach troubles so completely that you forget you have a stomach. Then you can eat what you like and digest your food in comfort without fear of distressing after effects.

If **EATONIC** does not relieve you, it will not cost you one penny. You can return it to your druggist and get your money back. So if you have the slightest question about your health—if you feel you are not getting all the strength out of your food—if you are not feeling tip-top, ready for your work, full of vim and vigor—do give **EATONIC** a fair trial this very day and see how much better you will feel.
